Certified

"I certify that the attached report is a true and correct copy of the data on file at the Midwestern Regional Climate Center, Champaign, IL. The report was compiled during the regular course of business at the Midwestern Regional Climate Center using information received from the National Climatic Data Center (NCDC) of the National Oceanic and Atmospheric Administration and from weather observing sites operated by the National Weather Service of the National Oceanic and Atmospheric Administration or the U.S. Department of Transportation, Federal Aviation Administration.

Data identified as "Preliminary" has not yet been subject to final quality control procedures at NCDC and may be changed in the "Final" publication of the data as a result of the quality control procedures."
